Dear Professor M. Kuznetsov,

At last my referee has given me green light to publish your paper "Bely
transitive permutation groups". I have thus accepted the paper for publication
in Archiv der Universität and forwarded the manuscript - of the manuscript amend-
ments - to Central Office at Saarbrücken. You will receive proofs for this.
(One of the difficult points was the length of your paper.)

With all best wishes

Sincerely yours

O. H. Kege

Dear Dr. Kuzucuoglu,

With this letter I would like to invite you for a research stay at the Freiburg Institute for Advanced Studies (FRIAS) in October 2011.

This research stay is intended for a short-term collaboration with Prof. em. Otto H. Kegel, who was granted a Short-term membership for the month of October 2011 at our institute and who suggested to invite you for this collaboration.

FRIAS will cover your economy travel costs (Ankara-Freiburg) upon submission of original receipts as well as accommodation in Freiburg during the month of October 2011.

For the further planning of your visit I recommend to get in touch with me upon receipt of this invitation letter.

Kind regards,

Britta Küst, PhD
Scientific Coordinator
