Drawing Scales

ISO Format:

Diminishing Scale, e.g.: 1:5 (read as one to five) this means the view is 5 times smaller than the size of the object

Magnification Scale, e.g.: 2:1 (read as two to one) this means the view is 2 times bigger than the size of the object

ANSI Format:

Diminishing Scale, e.g.: 1/5 (read as one to five) this means the view is 5 times smaller than the size of the object

Magnification Scale, e.g.: 2/1 (read as two to one) this means the view is 2 times bigger than the size of the object

Some drafters use the following format in writing the drawing scale (This fomat is not recommended)

1=5, this means scale is 1:5

2=1 this means scale is 2:1
