Question 1

   Draw constituent structure trees for the following expressions. You need to draw a tree for each interpretation of a given expression. Please note that in judging whether an expression has a particular interpretation or not, do not let pragmatics interfere with your decision, remember *Colorless green ideas sleep furiously* example. The exact names of non-terminals are not important, try to get the constituency right.

   (a) A black coffee percolator.

   (b) Genç ve yaşlı dostu aile.

   (c) I saw the knife on a box with a glass.

   (d) Kredi kartı faizi oranı hesaplama yöntemleri çizelgesi çıktısı ücreti.

   (e) Ahmet'in Ali'nin annesinin Ayşe'yi tanıdıgına olan inancına şaşırması.
